About SRI

SRI is a South Indian DJ, producer, and vocalist based in Brooklyn, crafting futuristic club music through a diasporic lens. Blending Desi melodies with percussive global club rhythms, her sets move between hip-hop, baile funk, jersey club, and kuthu. Where hypnotic vocals, heavy drums, and groove-driven rhythms pull the whole room into motion.

Rooted in lived experience, SRI builds sets and parties that turn the dancefloor into a space for connection, release, and collective healing. Expect polyrhythmic club energy, nostalgic melodies, and bass-heavy grooves built for the dancefloor.
